

COMMERCIAL DC CHARGING

Turn your car park into a **revenue stream.**

Install Volt Charge DC fast chargers and earn from every EV that pulls in hotels, malls, offices, fleet yards, and for ecourts.

WHY IT PAYS

Every kWh you sell is margin.

- 1 Longer dwell, higher spend: Drivers stay 20–40 minutes and spend it in your venue.
- 2 A magnet for new footfall: A registered base of 15,000+ EV drivers

40kW DC

Compact, high demand

CCS2 · OCPP 1.6/2.0

Load balancing

80kW DC

Fleet & forecourt

CCS2 · OCPP 1.6/2.0

Dual-vehicle

150kW DC

Ultra high capacity

CCS2 · OCPP 1.6/2.0

Highways & fleets

Locally manufactured

Faster aftersales, spares on hand,
minimal downtime.

Dynamic Load Balancing

Smart distribution ensures your
circuit never trips.
