

Powering the future of mobility

Sri Lanka's leading EV charging network.

voltcharge.lk

TÜV Rheinland certified • award-winning

WHY VOLT

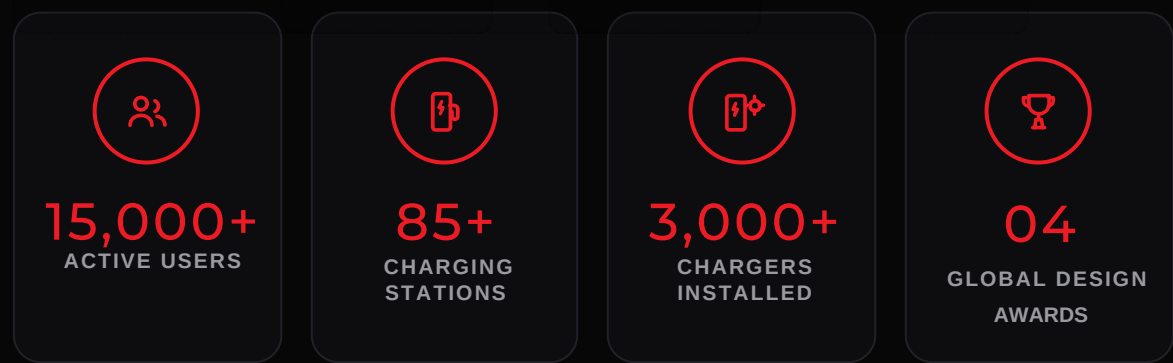

Smart. Powerful. Sleek. Engineered for Sri Lanka.

- ◆ **Demand, day one:** plug into 15,000+ owners, not a cold start.
- ◆ **Hardware they build:** locally manufactured, TÜV-certified, fixed in-country: faster aftersales, spares on hand, minimal downtime.
- ◆ **Money you can watch:** Volt OS: live revenue, auto-settled.
- ◆ **A vendor that lasts:** JAT-backed, largest commercial network, expert-led.
- ◆ **24/7 support:** round the clock, not next business day.

TRUSTED BY

BY THE NUMBERS

MISSION

“Empowering a cleaner future through innovative, intelligent and accessible EV charging across Sri Lanka.”
